

Active I.T. Society Data Privacy Notice Information & Background

Who We Are

The Active Senior IT Society launched in 2007 to promote IT learning and practice among older people. The Active Senior IT Society is run by a voluntary committee made up from its members and two staff members from Terenure Enterprise Centre. The Society relies on community finance initiatives and strives to provide as many training courses as possible to ensure member's interests and expectations are met and sustained. We aim to encourage older people to learn and be creative with the use of technology and to ensure that new and innovative ideas are brought forward in a friendly and encouraging atmosphere. Many highly skilled professionals have volunteered as IT trainers with the Society as well as many students from St Colmcilles Transition Year. Their commitment, patience and efforts are highly valued by all members. Terenure Enterprise Centre is a registered Charity (No. 9960). As community organisation we have a commitment to the Society to co-ordinate the training schedule and members' requests and aspirations for learning.

Members Information

We ask for member's information for the following purposes:

1. Name: In order to enrol you for classes or workshops and review the courses you have attended
2. Address: In order to post out the brochure
3. Telephone: To call you to remind you that you have a class
4. Mobile: To text you reminders for classes or workshops and to promote classes that you might like
